As a Community Amateur Sports Club (CASC) we benefit from a favourable tax status and in order to keep that we need to be able to prove how many of our members participate in some form of regular waterborne activity. Therefore please circle an answer below to indicate how many of those covered by your subscription will regularly get out on the water. A person is considered to regularly participate if they are out on the water more than 11 times a year. The activity does not have to be organised by the Club, includes time in your own boat/canoe and volunteering roles in support of club activities.
